

PERFORATED WINDOW FILM:

PERFECT FOR STORE FRONTS & VEHICLE WINDOWS

PERFORATED PRINT MEDIA ALLOWS FOR GRAPHICS TO BE VISIBLE FROM OUTSIDE AND STILL SEE-THROUGH FROM THE INSIDE. IT IS A GREAT WAY TO DISPLAY FULL WINDOW GRAPHICS WITHOUT BLOCKING THE VIEW TO OUTSIDE

THE BLACK ADHESIVE SIDE OF THE FILM ABSORBS LIGHT FROM INSIDE INSTEAD OF REFLECTING IT WHICH ALLOWS THE FILM TO APPEAR ALMOST INVISIBLE. HOWEVER, THIS ALSO MEANS THAT WITH DARK COLORS ON THE PRINTED SIDE, THE FILM IS MORE SEE-THROUGH FROM THE OUTSIDE AS WELL:

PLEASE BE ADVISED THAT IF THE LIGHT IS BRIGHTER ON THE INSIDE THAN THE OUTSIDE (FOR EXAMPLE: A LIT OFFICE AT NIGHT) THE PRINT WILL APPEAR FULLY TRANSPARENT
